

Rattle My Chain

The Basics

You
You want
You want me
You want me to give you a chance
Now mama let me see
See what
See what you
See what you could offer to me
Now mama let me see

(Good)
Look at you, you think that you're so good
(Weren't that good)
If there was anything to like I would
(Yes I would)
I won't pretend to understand it but I thought you would

Tell me why you rattle my chain
Why do you rub me the wrong way?
Everything you say just drives me insane
You don't answer to nothing
You push all my buttons
You try to be nice
I take convince
I know it don't make any sense
But I don't need your advice
You say it's all in my head
I said don't try to explain,
You know you rattle my chain
You're gonna do it again

You
You want
You want me
You want me to give you a chance
Now mama let me see
See what
See what you
See what you could offer to me
Now mama let me see

(Good)
Everybody thinks that you're so good
(Weren't that good)
I don't get along with anything you do
(You're so good)
It's so hard for me to be polite to you
(Oooh)
And the only thing I wanna say is:

Why do you rattle my chain?
Why do you rub me the wrong way?
Everything you say just drives me insane
You don't answer to nothing
You push all my buttons
You try to be nice
I take convince

I know it don't make any sense
But I don't need your advice
You say it's all in my head
I said don't try to explain,
You know you rattle my chain
You're gonna do it again
