(Good)

(Oooh)

You push all my buttons You try to be nice I take convince

You want You want me You want me to give you a chance Now mama let me see See what See what you See what you could offer to me Now mama let me see Look at you, you think that you're so good (Weren't that good) If there was anything to like I would (Yes I would) I won't pretend to understand it but I thought you would Tell me why you rattle my chain Why do you rub me the wrong way? Everything you say just drives me insane You don't answer to nothing You push all my buttons You try to be nice I take convince I know it don't make any sense But I don't need your advice You say it's all in my head I said don't try to explain, You know you rattle my chain You're gonna do it again You want You want me You want me to give you a chance Now mama let me see See what See what you See what you could offer to me Now mama let me see Everybody thinks that you're so good (Weren't that good) I don't get along with anything you do (You're so good) It's so hard for me to be polite to you And the only thing I wanna say is: Why do you rattle my chain? Why do you rub me the wrong way? Everything you say just drives me insane You don't answer to nothing
