

The Two Words

The Basics

'Love me' were the two words that she used
And I'm telling you I'm confused
Oh dear, I don't know what to say
'Love me', and we all know what come next
'Cause I know what she'll expect
Oh dear, I gotta say I love her too
'Need me'
I do baby
'Hold me'
I will baby
'Love me'
I wanna baby, but you know I'm scared
Of what lies ahead
'Oh love me'
I think it's much too soon
'Cause it feels so much to do
Oh dear, I need more time
There are so many words she could have used
(Could have used)

So why was it love that she had to choose?
'Love me' were the two words that she used
And I'm telling you I'm confused
Oh dear, I don't know what to say
'Love me', and we all know what come next
'Cause I know what she'll expect
Oh dear, I gotta say I love her too
'Need me'
I do baby
'Hold me'
I will baby
'Love me'
I wanna baby, but you know I'm scared
Of what lies ahead
'Oh love me'
I think it's much too soon
'Cause it feels so much to do
Oh dear, I need more time
(Alright!?)
Love me, love me, love me, oh!
