Broken picture

Feeling all alone waiting for a ring on the telephon and all the bottles are empty now and your picture is broken!

I won't get up anymore my place is here down on the floor No I won't get up anymore and your picture is broken. (Instrumental)

So much time to lose nothing left to choose I like to change it yes I do BUT YOUR PICTURE IS BROKEN

I won't get up anymore
my place is here down on the floor
No I won't get up anymore
and your picture is broken
