The Bates

Everybody's crazy now
Everybody's free
Girl you made me happy
So that all the world could see
And we walked together
A piece along the way
Maybe we will meet again some day
It's gonna be Okay

Everybody's crazy now
Everybody's free
Girl you made me happy
So that all the world could see
And we walked together
A piece along the way
Maybe we will meet again some day

It's gonna be Okay
OKAY
(Instrumental)

Everybody's crazy now
Everybody's free
Girl you made me happy
So that all the world could see
And we walked together
A piece along the way
Maybe we will meet again some day
It's gonna be Okay
It's gonna be Okay
It's gonna be Okay
It's gonna be Okay
