

## Little Black Bear

The Be Good Tanyas

Horses in the meadow  
Chickens in the stable  
If you'll be my one true love  
I'll love you when I'm able  
Oh I'll love you when I can

Well I'll build a little cabin  
Way back in the pines  
Yonder come a little black bear  
With honey on his mind  
Oh come be mine  
If you've honey on your mind
