

The Reason Is

The Beautiful Girls

How long will this go on, this pain and emptiness?

I only want to see you smiling, i want to be free from all of this.

Another moment on from the freedom i dreamt so long about for you and i

And i don't know why the reason is that we are both here.

Impending liberation for all but me, the space of emptiness.

I'd waver a million times, be too under to see your preciousness.

And our love will live on even when we die, i've dreamt so long about a place for you and i to live, to live and remember, this life.

And i don't know why the reason is that we are both here.

Well sure now at least shall find it.

Now i know the way i want to give it to you.

And where-ever i go i want to take you there.

At least we shall live.

And i don't know why the reason is that we are both here.

And time it passes by but we are not to fear.
