

The Reason Is

The Beautiful Girls

How long will this go on, this pain and emptiness?

I only want to see you smiling, I want to be free from all of this.

Another moment on from the freedom I dreamt so long about for you and I

And I don't know why the reason is that we are both here.

Impending liberation for all but me, the space of emptiness.

I'd waver a million times, be too under to see your preciousness.

And our love will live on even when we die, I've dreamt so long about a place for you and I to live, to live and remember, this life.

And I don't know why the reason is that we are both here.

Well sure now at least shall find it.

Now I know the way I want to give it to you.

And where-ever I go I want to take you there.

At least we shall live.

And I don't know why the reason is that we are both here.

And time it passes by but we are not to fear.
