

For A Friend

The Beautiful Mistake

Gone and disappearing on this cold night
I never thought it'd be that way
Your crying eyes they form the question
Formed by the words that we have shared

Uncovered signs now change the times
Perplexing in congruent lies
Unparalleled, impossible, complacent amiable souls

God, I want to see you on the inside
But it's not feeling like that way
I want to see you on the inside
But it's not feeling like that way

Confusion bleeds to vulture stares
Conviction bleeds the silence here
She suffocates and I regret
Wafer thin and falling from interest

Goodbye my friend
And disappearing on this cold night
I never thought it'd be this way
Your crying eyes they form the question
Formed by the words that we have shared

I am sorry but this is the way it has to be right now
(The way it has to be)
I am sorry but this is the way it has to be right now
(I don't want to see you cry)
I am sorry but this is the way it has to be right now
(The way it has to be)
I am sorry but this is the way it has to be right now
(The way it has to be)
