## A Long Day In The Field

## The Beautiful South

It's been a long day in the field for us all Catching balls and dropping balls
It's been a long life in this world
Catching hearts and dropping hearts
Like hearts were meant to bounce
Like hearts were meant to bounce
I'm sure

The wave that you just missed Could've been the big one
The one that took you there
The sunshine fills the air

It's been a night shift of a life for us all Gaining friends and losing friends It's been a cleaner's sort of hours That's why we buy our flowers Cos when you smell of shit you love flowers

And the wind that broke your kite Could've been the big one
To take you out of sight
Keep you snug at night

And it's hard to know just why Why when you take shit Should you give shit?

And the wind that broke your kite Could've been the big one To take you out of sight Keep you snug at night Keep you snug at night
