

Lips

The Beautiful South

Your lying lips don't cry, don't cry
Keep telling me you're forever
You're forever, you're forever

Your lying lips don't cry, don't cry
Keep telling me you're forever
Your lying lips don't cry, don't cry
Keep telling me you're forever

Your lying lips don't cry, don't cry
Keep telling me you're forever
You're forever
Keep telling me you're forever
You're forever, you're forever
