

One Step to Heaven

The Beauty of Gemina

One Step to Heaven - and two to the Ground
One Step to Heaven, you were never so proud
One Step to heaven - and two to the Ground
And nothing will ever...

Ever take you down
ever take
and I will see you again - again

One Step to Heaven - and two to the Ground
and go we for Heaven
And I will see you - again, again, again
And I will see you - again, again, again

One Step to Heaven - and two to the Ground
One Step to Heaven, I was never so proud
One Step to heaven - and two to the Ground
And nothing will ever...

Ever take me down - ever take
and you will see me again, again

One Step to Heaven - and two to the Ground
and go we for Heaven
And you will see me - again, again, again
And you will see me - again, again, again
