

## Wash In The Rain

The Bees

I try and I fail  
Sometimes I even succeed  
If you look at my life  
I can't complain  
If you know what I mean  
And it is all the same  
If your holding out you can wash in the rain  
Wash in the rain, wash in th rain  
I got salt you got pepper

Maybe we could get it together  
I dig a hole you fill it up  
Your the second thing to knock me over  
Only to the waves at the edge of the water  
Wash in the waves, wash in the waves  
I find it hard to forget  
All the effort in regret  
Put in one pot that's big enough  
It's bound to crack when it hits the rock  
That's cause your wicked and you wouldn't stop  
That's cause your wicked and you wouldn't stop
