

# I Love You More

## The Beloved

There's something I just can't describe  
Something controlling me deep inside  
Whenever I start to feel this way  
I just can't think of the words to say

Every now and again when I'm feeling sad  
Oh, I think of you and it makes me glad all over, glad as can be  
And that's when I remember just what you mean to me

I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
Oh, but don't play, don't play  
Don't you play with my heart this way  
And don't say, don't say that you feel any other way

It's times when I can't get to sleep at night  
That's when I wish I could hold you tight  
But if you were here right now with me  
I'd tell you for sure what you mean to me

I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
Oh, but don't play, don't play  
Don't you play with my heart this way  
And don't say, don't say that you feel any other way

I love you

I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
Oh, but don't play, don't play  
Don't you play with my heart this way  
And don't say, don't say that you feel any other way

I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show  
I love you more than you could know  
It's just sometimes it doesn't show
