

Halo

The Benjamin Gate

Even though my heart fades away
I will always return to You
No matter how far I stay

Your love is my halo
Your heart is enough
I cannot live without You
Your heart is enough

Even though my heart fades away
I will always return to You
No matter how far I stay

Your love is my halo
Your heart is enough
I cannot live without You
Your heart is enough

Your love is my halo, halo
Your love is my halo
Your love is my halo, halo
Your love is my halo

Your love is my halo
Your heart is enough
I cannot live without You
Your heart is enough

Your love is my halo
Your heart is enough
I cannot live without You
Your heart is enough
