## **Corporal Jigsore Quandary**

## The Berzerker

Music: Steer/Owen/Amott Lyrics: Walker Excised and anatomised, deviscerated disarray The torso diverged with pride Deftly amputated, evulsed limbs now defunct The trunk imbrued, tatty stumps used as lugs For a chondrin puzzle so quaint Head and body decollate A heaving mass so quiescent... Scattered and scrambled, your teasement grows - A bloody caricature to make whole A squirming grisly jigsaw, detrital fragments fit so snug - That missing piece will leave you stumped Totally disassembled, nicely sliced and diced - A human being this once resembled Real cranium teaser, carved from flesh and bone - So mystifying... Battered and diffused with placating blows - A human jigsaw to make whole A sequacious pattern which once fitted so snug - Joining together each dubious lump Ravaged disassembly, neatly cubed and diced - A cold mannequin once reassembled Astute brain teaser, incorporate flesh and bone - So mortifying... An incessant game - methodically made With each cumulative piecing - of commensated meat... Bi-manual reconstruction, eldritch problem complete A convened effigy A pathological toy, each chunk rigorously Inter mortis locking, as you pathogenically rot Such a perplexing task To fit the remains in the casket Uliginous mess so quiescent... [lead: Human jigsaw by W.G. Steer] [lead: A heaving organic puzzle by M. Amott]
