

# Weapons of War

## The Berzerker

I've taken lives, taken more then I can stand so  
What are you thinking when your watching me

What you going to do  
Where are you now?  
There's more to destroy  
Forceful consumption controlling it all

To conquer the world  
While I'm watching  
There's nothing more  
They're watching me

I came through when you needed said that I could do it  
Although you deserve nothing  
When your watching me telling what your really feeling  
Tell me when you've taught yourself to  
Think freely  
When I think of the times we've could of done it  
And the fact we've mainly done it your way  
What I see is I see there's no meaning and  
I believe your hunting me

I have seen all I can its only getting worse  
I cannot live with this

Why do we only care for ourselves its madness!

All this time wastes away, so  
Different when I lived here  
An empty shell, destroys time, is there nothing we can do?

We are the ones the only ones  
We are the ones the only ones  
We are the ones the only ones  
We are the ones the only ones

I've taken lives, taken more then I can stand so  
What are you thinking when your watching me  
Weapons of war  
What you going to do  
Where are you now?  
There's more to destroy  
Forceful consumption controlling it all

To conquer the world  
While I'm watching  
There's nothing more  
They're watching me

I, I wont look back  
Now, I know what's there  
I can feel your pain  
I, know now what I am

We are the ones the only ones  
We are the ones the only ones

We are the ones the only ones  
We are the ones the only ones
