

Inner Meet Me

The Beta Band

Inner meet me, oh you can't decide

Last night I dreamt somebody fell asleep between my knees
I couldn't help it rejected by a boy called me
Last night I dreamt somebody fell asleep between my knees
I couldn't help it rejected by a boy called me
Last night I dreamt somebody fell asleep between my knees
I couldn't help it rejected by a boy called me
Say what you feel

Never dream alone
Never dream alone
