

Simple Boy

The Beta Band

Well, I'm a hunchback, super black tower block core
Fine tooth whale bait cowering boom bait
Simple boy, simple girl, simple world, so I heard

Landing down feet first Smokey Joe cheeba thirst
Hairy back tracker side step a little further on the
Floor for the more, for the more more

She's a coward she's a cheat and she speaks
She's a coward she's a cheat and she speaks
My mother of Earth, where are you when we need you?
My mother of Earth, where are you when we need you?

Little did you know that who said that
Silver ship floating on a coker smack bloating
Ride around the rock on the face of the clock
It's a shrill ringing singing in a pig pen mission
So she said, so she said

She's a coward she's a cheat and she speaks
She's a coward she's a cheat and she speaks
My mother of Earth, where are you when we need you?

So old the time, so young the boy
Why do they scream? Why do they boil?
It's all unknown I must perform
The window ledge to which I'm drawn

The ocean which I try to swim
Stretches out and sucks me in
It's all superoceanic ministerial divinity
