

On My Mind

The Beu Sisters

Spoken:

It was always you
from the start
to begin with
Oooh Boy when I hear your name
From my ears into my brain
Can't stop filter, refrain
Just wanna explain to everybody that you drive me
insane
And I can't lie about the way you make me feel inside
So if you want to caress me please do
Oooh Boy I'm so versatile
From my kicks up to my smile
Give you my digits to dial so we can reconcile
Promise I can make it worth your while
Cause I can't hide how you make me feel deep inside
So if you want to caress me please do
Do you think of me
I'm always thinking about you
Do you dream of me
Oooh yes-I'm dreaming about you
Don't you understand
Oh no I can't live without you
Baby if you can't read the signs
I'm letting you know that you're on my mind
I think you know by now what I want you to do
Am I coming on too strong
Coming on a little too strong for you
Are you the kind of man who likes the chase
Never been that kind of girl
I've never been the kind of girl to waits
I just get too impatient
I wanna make or break it
Do things my own way
Those games I don't play
We could be creating something so exhilarating
So stop debating, hesitating
Why would you wanna keep this girl waiting
Do you think of me
I'm always thinking about you
Do you dream of me
Oooh yes I'm dreaming about you
Don't you understand
Oh no I can't live without you
Baby if you can't read the signs
I'm letting you know that you're on my mind
I wonder if I'm ever on your mind
I wish that you would just give me the time
So that I could find out what lies behind those
mysterious eyes
(2x)
Do you think of me
I'm always thinking about you
Do you dream of me
Oooh yes I'm dreaming about you
Don't you understand
Oh no I can't live without you

Baby if you can't read the signs
I'm letting you know that you're on my mind
(Spoken) Don't even play
