

Hit The Ground

The Big Pink

Fly at the speed of sound
And in the night was heading out
I call you now
We need em streets to move all around.
Leave everyone behind
Leave...
We need our friends
With plastic bags full of cans

Look where it goes we don't make a sound
Feel you're all full of...
Oh Superman
I don't wanna hit the ground
I don't wanna hit the ground
I don't wanna hit the ground
Oh Superman
Oh Supermanoh oh!

Feel the guilt when the light pulls in fast
Most of the days are gone in the hours bells
Not a fighting chance
Call me... of the future
... with the single bells
I'mma laugh out loud

Look where it goes we don't make a sound
Feel you're all full of...
Oh Superman
I don't wanna hit the ground
I don't wanna hit the ground
I don't wanna hit the ground
Oh Superman
Oh Superman oh oh!
I don't wanna hit the ground
I don't wanna hit the ground
I don't wanna hit the ground
Oh Superman
Oh Superman oh oh!

I don't ever wanna stop you cannot...
You can touch me when I drop
And stop me falling
Is this ever gonna stop?
Can you catch me when I drop?
I know there'll never be no Superman

Look where it goes we don't make a sound
Feel you're all full of...
But if I fall off this ground
If I fall off oh Superman
Oh Superman
I don't wanna hit the ground
I don't wanna hit the ground
I don't wanna hit the ground
Oh Superman
Oh Superman oh oh!
I don't wanna hit the ground

I don't wanna hit the ground
Oh Superman
Oh Superman oh oh!
