

I heard a spark
Something that glowed
Hundred feet higher

I open my eyes
When there is light
To see if I'm closer

What if I stopped
Just for a while
To make it go slower?

Still up the night
Just for a while
To see if I'm finer
Live like I'm finer

Tell me a tale
Something with fire
To break from the sorrow

To break through the dirt
Piles of earth
To see where the sun goes

What if I stopped
Just for a while
To see if I'm closer?

Still up the night
Just for a while
To see where the sun goes

Oh, oh, oh
Oh, oh, oh, oh, oh, oh
Oh, oh

I heard a spark
Something that glowed
Hundred feet higher

I open my eyes
When there is light
To see if I'm closer

What if I stopped
Just for a while
To see where the sun goes?

Still up the night
Just for a while
To see if I'm finer
Live like I'm finer
