

Goodnight

The Birthday Massacre

First place on a classroom wall
Every turn of the face can help to break the fall from a domestic
disgrace
Every rumor displaced is lost and found

A lack of discipline
One hand to cut the other
So unprofessional
You're not a friend, you're just a lover
Nothing exceptional
This is correctional

Mirror on the wall (wall)
Frame the picture (picture)
Reflect this kiss to wish us all goodnight (goodnight)

First day in a victim's chair
Every surface replace can help to keep you fair for a corrected gaze
Every feature displayed will match your crowd

A loss of innocence
One hand to wash the other
Be a perfectionist
You're nothing if you're just another

Something material
This is impersonal

Mirror on the wall (wall)
Frame the picture (picture)
Reflect this kiss to wish us all goodnight (goodnight)

We're all dancing to the same sad song
And we're not sleeping, but it won't take long

Illicit conviction
Confessions incomplete
Correction
Submissive restriction
Instructions will repeat
Direction
