

## Happy Birthday

### The Birthday Massacre

I think my friend said "I hear footsteps"  
I wore my black and white dress to the birthday massacre, birth  
day massacre, birthday  
I wore my black and white dress

I think my friend said "stick it in the back of her head"  
I think my friend said "two of them are sisters"  
"I am a murder tramp, birthday boy", I think I said  
"I'm gonna bash them in, bash them in", I think he said

Then we wished them all a happy birthday  
We kissed them all goodnight  
Now he chases me to my room, chases me to my room, chases me in  
my black and red dress

I think my friend said "don't forget the video"  
I think my friend said "don't forget to smile"  
"You're a murder tramp, murder tramp" I think he said  
"You're a murder boy, birthday boy" I think I said
