

Play with Fire

The Birthday Massacre

A house of red light
Burns like your wanting eyes
The rain is away
And we say
When we say

We will play with fire
We will play with fire

And every night the Red Light will burn like your eyes
Our time is never, 'cause we'll live forever

We will play with fire
We will play with fire

We will play with fire (fire (3x))
We will play with fire
We will play with fire (fire (3x))
We will play with fire (fire (3x))
