

# Love Me Forever

The Black Angels

L, for all that love in your eye  
O, for all those sighs in the night  
V, it's very hard to deny  
E, for everything you left behind  
me, every time you made me cry  
see, I told you doll I would not lie  
yeah, love me forever  
love me forever  
love me forever  
love me forever

why? cause your heart beats with mine  
can you hear them move?  
they are in time  
see, it's very hard to deny  
yeah, love me forever  
love me forever  
love me forever  
love me forever

always for always  
always and all day  
love me forever  
love me forever  
love me forever  
love me forever

L, for all that love in your eyes  
me, for all those times  
you've made me cry  
yeah love me forever  
love me forever  
love me forever  
love me forever

love me or never  
love me you'll never  
love me or never  
love me you'll never  
love
