

Beatbox Revelation Pt. 1

The Black Box Revelation

Is life for real? Is life for sure?
Is it a Hollywood movie with some famous actors?
Can't give the answer, never found the script
Otherwise I would be as rich as Madame Soleil

It isn't what it used to be
We had it all in black and white
Everything we had, we had it all for sure
You had it wrong or you had it right

Can you imagine? Such a sneaky you?
Better be safe than sorry
Worship you colour-blind truth

Do you like books? Read my life
It's a book that needs a sequel
The author came to die
