Stand Your Ground

The Black Box Revelation

Hey man
It's been a while
You look wasted
Down on the tiles
Running away from trouble
It's time to fight
Choose your weapon
Kick up your courage you know nothing can bring you down
Forget your problems
Stand your ground
Your stubborn weakness
Is killing you
Gotta beat this
To see it through
Running away from trouble
It's time to fight
Choose your weapon
Kick up your courage you know nothing can bring you down
Forget your problems
Stand your round
Get up man
Don't be a child
You never chased it
That's something wild
Running away from trouble
Choose your weapon
Kick up your courage you know nothing can bring you down
Forget your problems
Stand your ground
