

# Good Friday

The Black Crowes

We've been avoiding this for so long  
Luxury is temporary then it's gone  
I've thought that we would happen  
I guess I'm wrong

We'll say hi on the street then we'll move along  
I know this will be awkward but not for long  
'Cause soon you'll have a new boy  
To sing you songs

I will not forgive you  
Nor will I accept the blame  
I will see you on Good Friday  
On Good Friday

I'm sorry, I couldn't do this yesterday  
Tomorrow I am busy and what it is I can't say  
And Saturday's is no good, we got a show  
So it has to be Good Friday then it's so long

I will not forgive you  
Nor will I accept the blame  
I will see you on Good Friday  
On Good Friday

And you, you come and go when you please  
I know unfulfilled needs, I know you do too oh  
Oh but I, you know I didn't see things through  
I didn't pay attention to you but honey I tried

I will not forgive you  
Nor will I accept the blame  
I will see you on Good Friday  
On Good Friday, Good Friday  
On Good Friday, oh yes, I will
