

One time we were down and out and out and in
Yes we all have problems
But that's not where I want to begin
Time's gone by, overnight, just like that
And I can tell by what you don't tell me
How much you mean by that

And remember when this did start
It was real, never a lark
It was as deep as we can go
Now I want you all to know

This is not a reflection of you
Or a portrait of me
It's not make believe
It's all too real you see

I want nothing but to know
It was all it seems I just want to think some of the things you
said
You really did mean

If you wanna go
Why should I say no?
That'll be okay by me I don't want you to leave
You can believe what you believe
That'll be okay by me

I remember when this did start
It was real never a lark
It was deep as deep as it can go
Now I want you all to know

If you wanna go
Why should I say no?
That'll be okay by me

I don't want you to leave
You can believe what you believe
That will be okay by me
That'll be okay by me
That'll be okay by me
