

# Never Forget This Song

The Black Crowes

I could lay my head down on your floor  
Empty my pockets to make room for more  
I can make it bleed or just make it sore  
Will I Want ya'll to sing along  
Never forget this song  
Want ya'll to sing along  
Never forget this song

Someday I will find my hole in the ground  
Been on the bottom and I looked around  
Someday I'll leave this place for some holy ground  
Will I Want ya'll to sing along  
Never forget this song  
Want ya'll to sing along  
Never forget this song

I want ya'll to sing along  
Never forget this song  
Want ya'll to sing along  
Never forget this song  
Want ya'll to sing along  
Never forget this song  
Want ya'll to sing along  
Never forget this song
