

## Some Way Through This

### The Black Ghosts

Why did you leave that message on my phone  
Was it from your head? Cause I don't what I done to earn it  
You could be right here, but would say what you mean or would you wait  
until I'm gone and you are lonely and you blame me for never understanding

and if this house was on fire would you tell me your desire  
if my hands were round your throat would you tell me what I need to know  
there must be some way, some way through this  
if the sky was falling down would I see behind that frown  
if cold steel touched your skin would you finally stop and let me in  
tell me baby how to get through this

and I done my time in the firing line  
and I paid my dues hanging from a noose  
and I'll do whatever it takes to put a smile upon your face  
I will do whatever it takes, I will do whatever it takes  
if my hands were round your throat would you tell me what I need to know  
there's got to be some way, some way through this  
if the sky was falling down would I see behind that frown  
if cold steel touched your skin would you finally stop and let me in  
tell me baby how to get through this
