The Black Heart Procession

```
Am I alive or am I dead

Am I awake or in a dream

Am I with you or am I all alone

Do I have skin do I have bones

Do I reveal or show no more

Should I place a bet or end this game

If I dream or if I stay awake

This fear this fright it haunts me either way

It follows me down to the end of the world'

Am I too weak do I have the strength

Do I have needs am I ok

Am I sick am I well

Am I on the ground or in the clouds

Am I here or a world away

Am I cold or should I burn in flames
```
