

Aeroplane Blues

The Black Keys

I'm on an airplane
Close to sea
Going nowhere
I wanna be

Distant lands
Don't know who I am

Eyes are heavy
Mind is shook
Can't feel
Drugs I took

Distant lands
Don't know who I am

Take your seat
Don't be shy
You got to remember
You're gonna die

Distant lands
Don't know who I am
Don't know who I am
Don't know who I am
