

Goodbye Babylon

The Black Keys

Well I came
To see
And what I found
Was not alright with me
Their desperation, suffocation
Ain't it been the same thing
All along
Goodbye Babylon
Goodbye Babylon
Goodbye Babylon

Now I know
Times are changin'
And the people
Need rearrangin'
So now
It's written
Here in song
Goodbye Babylon
Goodbye Babylon
Goodbye Babylon

Our boys
Are fallin'
Our leaders
Are all appallin'
You convey
By god
Good will is gone
Goodbye Babylon
Goodbye Babylon
Oh, goodbye Babylon
Goodbye Babylon
