

## Hurt Like Mine

The Black Keys

How you hurt me, oh how you cause me pain  
Well hurt like mine you could never never understand  
Never understand  
I remember the tears were in my eyes  
River town is burning, the clouds they roll on by, roll on by  
She said I'm alright if you're hangin' on  
Be your shoulder, lay your troubles on, your troubles on.
