

I'm Not the One

The Black Keys

I've been tried
And I've been tested
I was born tired
I never got arrested
Harder than
Marble Stone
I'm better off
Better off left alone
Cause I'm not the one
No, I'm not the one

You wanted it all
But I give you
Give you none
I'm not the one

Well like a toy
To a kid
I said jump
And momma, you did
And you know
Your Daddy knows
And your Momma knows
That's wrong
So now it's time
For me to move on
Because I'm not the one
No, I'm not the one

You wanted it all
But I give you
Give you none
I'm not the one

No, oh no, no
I'm not the one

No, oh no, no
I'm not the one

You think that
I'm normal
All these years
I'm just trying to warn ya
You'd do good to move on
No it won't
It won't hurt me none
Cause I'm not the one
No, I'm not the one

You wanted it all
But I give you
Give you none
I'm not the one
No, I'm not the one

Yeah

No, no, no
I'm not the one

Not the one for you
Not the one
Not the one
