

Leavin' Trunk

The Black Keys

Goin' upstairs to pack my leavin' trunk
I ain't seen no whiskey, woman make me sloppy
Seen no whiskey, woman made me drunk

Goin' back home, where I had much better luck
Look here darling, want me to be your king
Said you're kiddin' darling, gotta keep it hid

Don't let your main man
Your husband catch me here
Don't let your main man
Your husband catch me here
