

The Breaks

The Black Keys

Lean forward slightly, look straight at the speaker
And listen with a sparkle in your eye
As though you might be thinking
"Gee, this is the most wonderful thing I've ever heard in all my life"

Back in the day we were eye to eye
The thought of you has me runnin' wild
They say love lost will never grow
But hey, hey, hey I still love you so

Oh, when we met you know the sun did shine
From your eyes back into mine
Oh, if the sun shines no more
Hey, hey, hey, I still love you so

I'll beg the moon and the stars above
Bring me back my that girl I love
I know you're gone, you're gone for sure
But hey, hey, hey, I still love you so
