Too Afraid to Love You

The Black Keys

My gears they grind More each day And I feel like They're gonna grind away

And the city blocks They drive me wild They're never ending Mile after mile

I just don't know what to do I'm too afraid to love you

It's heaven on earth In her embrace Her gentle touch And her smiling face

I'm just one wishing That I was a pair With someone Oh somewhere

I just don't know what to do I'm too afraid to love you

All those sleepless nights And all those wasted days I wish loneliness would leave me But I think it's here to stay What more can I do I'm wringing myself dry And I can't afford to lose One more teardrop from my eye
