### The Black Keys

Why you always wanna love the ones who hurt you?  
Then break down when they go and desert you  
No, oh no  
It's so hard to let 'em go  
And watch 'em scatter when you start asking questions  
Like why we always in the wrong direction?  
Shame, such a shame  
But you're doing it again

You don't wanna know more  
And you've been down this road before  
So leave it alone  
Just leave it alone

And when you hear about the lies other people are sayin'  
Just know they talk cause they don't have a way inside  
Oh they try  
Look how it hurts their pride  
You can never find a soul that's got no pain within  
Just like you'll never find a singer without that sin, no sin  
Will it ever end?

You don't wanna know more  
And you've been down this road before  
So leave it alone  
Just leave it alone  
No this ain't nothing new  
The only thing you've got is you  
So leave it alone  
Just leave it alone
