

## Children Of The Night

### The Blackout

We are the children of the night,  
we are the children  
We are the children of the night,  
we are the children

As daylight fades, we celebrate  
The end is near, your end is here  
The night it brings us our fate  
Knee deep in mud, we want your blood

This isn't love, this is war  
This is the night we said  
We would be fighting for  
This isn't love, this is war  
This is the night we swore  
That we would call our own

We are the children of the night  
We are the children  
We are the children of the night  
We are the children

The fire burns into the sky  
The sun goes down, your end is here  
Lighting eyes in the night  
Be one of us, be one of us

This isn't love, this is war  
This is the night we said  
We would be fighting for  
This isn't love this is war  
This is the night we swore  
That we would call our own

We are the children of the night,  
We are the children (8x)

This isn't love, this is war  
This is the night we said  
We would be fighting for

We are the children of the night  
We are the children (8x)
