

# The Last Goodbye

## The Blackout

This feeling's fading fast  
And it's getting hard to hold  
Cos I believe in every word  
Of all the rumours I've been told  
About you and

Never thought it would ever end up like this  
That you'd be the one that you'd always miss  
That you'd always miss, that you'd always miss

You were looking for the one way out  
Waiting for the last goodbye  
How could you say  
Never knew, never knew  
It was coming, no  
How could you say  
Never knew, never knew  
It was coming, no

You've always felt this way  
Why was I the last to know  
Yeah I believed that everyday  
We were on the same damn page  
And maybe I

Never thought it would ever end up this way  
Never thought I would ever just walk away  
Just walk away, just walk away

You were looking for the one way out  
Waiting for the last goodbye  
How could you say  
Never knew, never knew  
It was coming, no  
How could you say  
Never knew, never knew  
It was coming, no

You were looking for the one way out  
Waiting for the last goodbye  
How could you say  
Never knew, never knew  
It was coming, no  
How could you say  
Never knew, never knew  
It was coming, no

Take me with you  
Even if it's only in your head  
When you come back to me  
Stay forever in my bed

One way out  
Last goodbye  
How could you say  
One way out  
How could you say

Last goodbye

You were looking for the one way out  
Waiting for the last goodbye  
How could you say  
Never knew, never knew  
It was coming, no  
How could you say  
Never knew, never knew  
It was coming, no

You were looking for the one way out  
Waiting for the last goodbye  
How could you say  
Never knew, never knew  
It was coming, no  
How could you say  
Never knew, never knew  
It was coming, no

How could you say [x9] (Never knew, never knew, it was coming, no)
