

Tops Off Party!

The Blackout

I feel the ropes are getting tighter, it's not a bad idea
These chains will never hold me down, so lets just make this clear

So step it up and make me fight it, and I'll scare you all the time

Don't stop, just carry on and I know I'll be just fine

Love you and leave you's what I'll do
One day I'm coming, not a clue

You've tired me out, by tying me down, Woah, woah
You've tired me out, by tying me down, Woah, woah

You feel my hands are getting tighter, getting ever nearer
Scream when you've had enough, I couldn't see this clearer
Your life is slipping through my fingers
Push you up against the wall
Do I stop or just carry on?
Will you ever take it off?

Love you and leave you's what I'll do
One day I'm coming, not a clue

You've tired me out, by tying me down, Woah, woah
You've tired me out, by tying me down, Woah, woah

I'm so close, scream for me
I'm so close, scream for me
I'm so close, scream for me

You've tired me out, by tying me down, Woah, woah
You've tired me out, by tying me down, Woah, woah
You've tired me out, by tying me down
You've tired me out, by tying me down
You've tired me out, by tying me down
You've tired me out, by tying me down
Tying me down
Tying me down
