

How Does It Feel The Morning After

The Bliss

You've given me things that meant a lot
A love I can't undo
You've given me a home and family
Made me feel secure
But all that you give
There's a question you need to answer
How can you give your love to another
Come home and face me the morning after ?

How does it feel the morning after
After you've given your love to someone new
(Come on tell me babe)
How does it feel the morning after
I lay here all night long waitin' on you - oh Lord

I know I know I know, you must be dyin' inside
'Cause if you tell me you'd be confessing
So you can't apologise
Ooh it hurts me so, to know that I'm the one to suffer
To know I must be second best
'Cause the best has gone to another baby

How does it feel the morning after
After you've given your love to someone new
(Come on tell me darling)
How does it feel the morning after
After I lay here all night long waitin' on you boy

Does she make you wanna cry
Did you feel as good inside
Was it heaven - or would you rather be mine
Does she make you wanna cry
Did you feel as good inside
Was it heaven or would you rather be mine (ah)

How does it feel the morning after
After you've given your love to someone new
(Come on tell me darling)
How does it feel the morning after (ah yeah yeah)
After you've given your love to someone new,
someone who, someone who

(Ooh hoo)
(How does it feel the morning after ?)
(Ooh hoo)
(Ooh hoo ooh, ooh hoo ooh, ooh hoo ooh, ooh hoo hoo hoo
hoo)
(Yeah, Come on baby)
(Ooh hoo ooh, ooh hoo ooh, ooh hoo ooh, ooh hoo hoo hoo
hoo)
(How does it feel the morning after ?)
(Ooh hoo ooh, ooh hoo ooh, ooh hoo ooh, ooh hoo hoo hoo
hoo)
(Yeah, come on baby)

You wouldn't do that to me would you
You wouldn't walk out on me (no mmmh)
