

Long Life To You My Friend

The Bliss

Sometimes we're not facing what we fear
Life goes on without no thoughts
Sometimes we're not seeing very clear
Then we wonder what is wrong
But I am glad to tell you how I feel

Long life to you my friend (repeat)

You find reality deep within yourself
Expect no clarity this is the way
You can't give in to what you feel is right
No game to win without a fight

Long life to you my friend (repeat x2)
Long life to you
Long life to you my friend (repeat)
(Long life)
Long life to you my friend (Long life)
Long life (repeat)
