

Amputation

The Blood

You got two arms,
You got two legs
But if you think this will last for the rest of life,
You are wrong...

Feel the axe, feel the knife
Amputation
Feel the saw, feel the razor
Amputation

Too fast is the way,
The way of an infection
Virus is crawling - your extremities will suffer
This is an dead infection!

Feel the axe, feel the knife
Amputation
Feel the axe, feel the razor
Amputation
