

## ...and No One Cries

### The Blood

1000 eyes look at you - 1000 things becoming true  
Things of passion things of crime - Life is short so use your time  
You aren't safe at the street - A sacrifice of human breed  
Pain is slipping very deep - if you fall in endless sleep  
Your friends die - ... And No One Cries  
The feebleness of your body - impossible to study  
They tell you what to do - personality is cut in two  
You're a victim of lies - ...But No One Cries  
Weakness - disease - misery - for me  
Million eyes look at you million things becoming true  
Things of passion things of crime - Life is unreal so waste your time  
Pain is slipping very deep - you fall in endless sleep
