

Drink, Drink, Drink

The Bloody Irish Boys

Everytime I get back up I just fall back down
Everytime it seems ok thats when I start to drown
Is it wrong is it right where am I tonight
I need a bottle maybe 12 just to feel alright

Drink Drink Drink drink it down
Drink Drink Drink for me
Drink Drink Drink drink to drown
Drink Drink Drink everybody

If everything goes wrong today like the day before
Will you still be standing there or walk out the door
I dont know someone tell me I need some answers please
Is there meaning to this life or just behans philosophies

Drink Drink Drink drink it down
Drink Drink Drink for me
Drink Drink Drink drink to drown
Drink Drink Drink everybody

Drink Drink Drink drink it down
Drink Drink Drink for me
Drink Drink Drink drink to drown
Drink Drink Drink everybody

Drink Drink Drink drink it down
Drink Drink Drink for me
Drink Drink Drink drink to drown
Drink Drink Drink everybody
