

Drunk tonight

The Bloody Irish Boys

Take me back to that open road
Where it leads ill never know
Take me back to that place ive been
Where I said id never be again

So raise your glasses to thee
Celebrate another drunken year for me

Everybodys gonna get drunk tonight
Were gonna drink and fight Hey Hey Hey
Everybodys gonna get drunk tonight
Everything will be alright

Play me a jig sing me a tune
My dear friend this shots for you
Feel it burn as it goes down
But watch out here comes another round

Drink until you cant see
Celebrate another drunken year for me

Everybodys gonna get drunk tonight
Were gonna drink and fight Hey Hey Hey
Everybodys gonna get drunk tonight
Everything will be alright

The place youve been is the place youll be
The questions come but no one answers thee
Why we drink when were told not to
I guess thats just what were born to do

So raise your glasses to thee
Celebrate another drunken year for me

Everybodys gonna get drunk tonight
Were gonna drink and fight Hey Hey Hey
Everybodys gonna get drunk tonight
Everything will be alright

Everybodys gonna get drunk tonight
Were gonna drink and fight Hey Hey Hey
Everybodys gonna get drunk tonight
Everything will be alright

Take me back to that open road
Where it leads ill never know
Take me back to that place ive been
Where I said id never be again
